

Group Conversations for Practice

Group Conversation 1: Deciding Rules for Using Mobile Phones in School

Characters: Teacher, Rohan, Aisha, Kabir, Mehul

Teacher: Many students bring mobile phones to school. We need clear rules. What do you think?

Rohan: Phones can be useful for learning, but students may misuse them.

Aisha: I agree. Phones should not be used during class time.

Kabir: But sometimes teachers ask us to search information. Phones help then.

Mehul: Maybe we can use phones only when the teacher allows it.

Teacher: That is a good suggestion.

Aisha: Phones should also be kept silent in school.

Teacher: Yes. Let us make a rule: phones only for learning, with permission.

All Students: We agree.

Group Conversation 2: Planning a Community Clean-Up Drive

Characters: Neeraj, Pooja, Salman, Kavya

Neeraj: Our area is becoming dirty. We should do something about it.

Pooja: Yes, there is a lot of plastic waste near the road.

Salman: We can organise a clean-up drive on Sunday.

Kavya: That is a good idea. We should inform our neighbours too.

Neeraj: I can make posters and messages.

Pooja: I will ask my parents to help us with gloves and bags.

Salman: We should also tell people why cleanliness is important.

Kavya: Yes, this will help everyone understand their responsibility.

Group Conversation 3: Discussing Future Career Goals

Characters: Teacher, Anjali, Farhan, Suresh, Nisha

Teacher: Today, let us talk about your future goals. What do you want to become?

Anjali: I want to become a teacher because I like helping others learn.

Farhan: I am interested in computers and want to work in technology.

Suresh: I want to become a doctor to help sick people.

Nisha: I am not sure yet, but I like drawing and design.

Teacher: It is okay to be unsure. Interests change with time.

Anjali: Yes, we should explore different options.

Teacher: Correct. Learning skills is more important than deciding early.
