Total Questions: 30

Instructions: Read the passage carefully and answer all questions.

Section A: Reading (20 Questions)

Mowgli lived in the deep jungle, surrounded by tall trees and wild animals. He was raised by a family of wolves who treated him like their own child. From a young age, Mowgli learned how to survive in the forest. He understood animal sounds, followed jungle rules, and respected nature.

Baloo the bear and Bagheera the panther helped Mowgli learn important lessons. Baloo taught him patience and kindness, while Bagheera taught him discipline and safety. They warned Mowgli about dangerous animals like Shere Khan, the tiger. Mowgli listened carefully and learned when to be brave and when to be careful.

As Mowgli grew older, he began to think about his future. He wondered whether he belonged in the jungle or with humans in the village. Though he loved the forest, he understood that change was part of life. With courage and learning, Mowgli prepared himself for new challenges.
